

X82

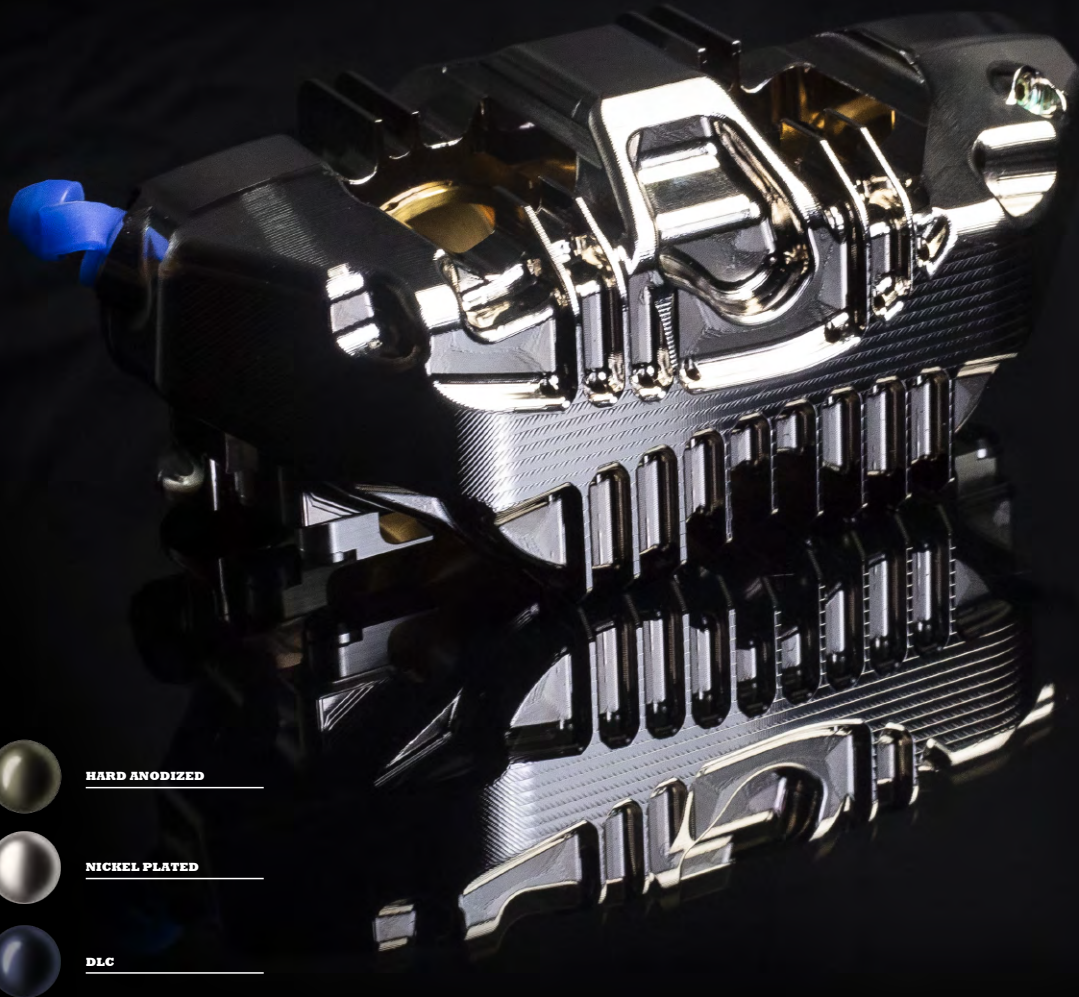

Performance Brake Caliper

Introducing the revolutionary X82 brake caliper, the latest breakthrough in braking technology! Designed for enthusiasts who demand performance and style, the X82 features a large brake pad that significantly enhances braking capabilities, providing you with confidence on every ride.

The innovative hollow front section, meticulously crafted using CNC technology, not only reduces weight but also optimizes strength. This fully machined CNC body showcases a stunning nickel-plated finish that is sure to turn heads.

With its robust monoblock construction, the X82 delivers unmatched rigidity, ensuring peak performance under pressure. Additionally, the strategically expanded cooling ribs integrated into the hollow body maximize surface area, promoting superior heat dissipation for consistent braking power. Elevate your ride with the X82 brake caliper and experience the excitement of advanced engineering!

X82

PARAMETER

MOUNT	108mm
SURFACE TREATMENT	Nickel Plated / Hard Anodized
SEALS	Single Seal
Ø PISTON IN MM	34/38mm
BRAKE CALIPER BODY	Monoblock
NUMBER OF PISTONS	4 (2x 34mm and 2x 38mm)
PISTON MATERIAL	Titanium With TIN Coating
OFFSET IN MM	22.5mm
FOR FRICTION SURFACE (MM)	Min 30mm
BRAKE DISC THICKNESS	Min 6mm / Max 8mm
INCLUDES BRAKE PADS	No
PADS THICKNESS	Min 6.5mm / Max 9.5mm
WEIGHT:	701g

-  **HARD ANODIZED**
-  **NICKEL PLATED**
-  **DLC**

SKU	ITEM TYPE	Retail Price (EUR) Vat Inclusive (22%)
X82.108.HD.L	108mm Mount Hard Anodized Left Side	€ 2,240.00
X82.108.HD.R	108mm Mount Hard Anodized Right Side	€ 2,240.00
X82.108.NI.L	108mm Mount Nickel Plated Left Side	€ 2,360.00
X82.108.NI.R	108mm Mount Nickel Plated Right Side	€ 2,360.00
X82.108.BC.L	108mm Mount DLC Left Side	€ 2,540.00
X82.108.BC.R	108mm Mount DLC Right Side	€ 2,540.00
